<p>1. PBCHORD emergency planning has always included all PBCHORD personnel, including German citizens, the latter group consisting of approximately 200 persons. Inasmuch as German citizens are subject to the jurisdiction of German authorities, who presumably would object to ODYOKE evacuation of German citizens (particularly of military service age), should PBCHORD continue to include German personnel in the emergency planning?</p> <p>2. As to those persons (other than ODYOKE citizens) who PBCHORD decides should be included, there is as yet no documentation identifying them as being of special interest to the ODYOKE (document in lieu of PBPRIME passport). Under the circumstances they have nothing to identify them as persons authorized to accompany PBPRIME personnel in ODYOKE controlled evacuation columns. They would, of course, have benefit of possession of ODYOKE control cards, but these serve only as indicia, as distinguished from authorization in fact.</p> <div style="text-align: center; margin-top: 20px;"> <input type="checkbox"/> </div>
